

Z-1900 SERIES

Z-1900 is flush, gasketed floor cover is ideal for interior applications where minimal visual impact is desired and where hygiene is important. This cover is available in multiple frame heights to accommodate most floor finishes.

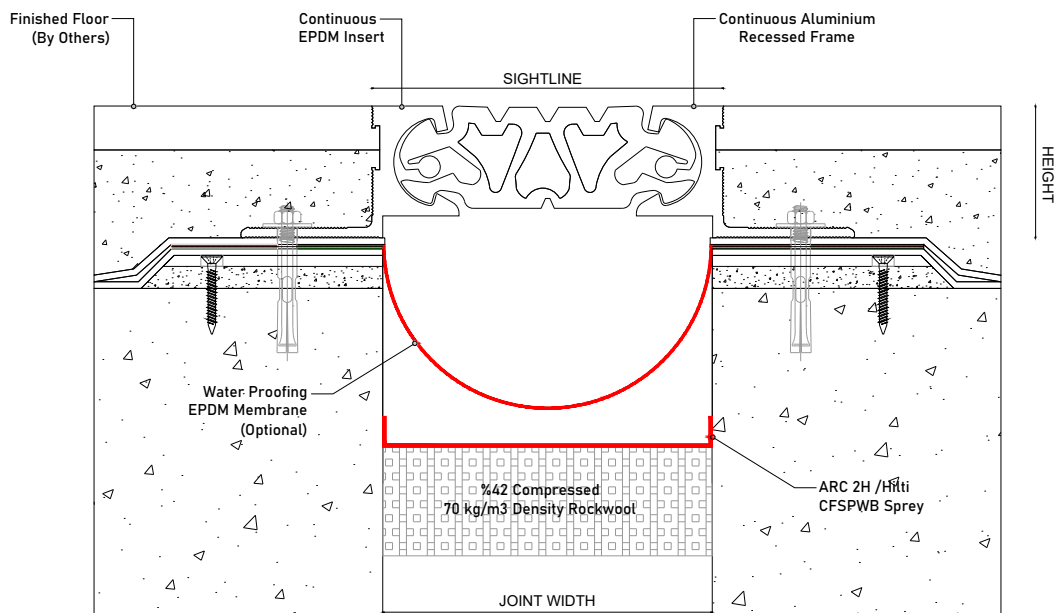

In addition, the Z-1900 system ensures consistent alignment with surrounding floor finishes, creating a seamless transition across different interior zones. Its sturdy construction provides reliable performance under frequent pedestrian traffic and light rolling loads. The discreet gasket detail enhances acoustic control by reducing sound transmission at joint locations. With its clean aesthetic and durable materials, the Z-1900 offers a long-term architectural solution suited to modern commercial environments.

ADVANTAGES
